Honorable Reynold L. Leno, Chairman  
Confederated Tribes of Grand Ronde  
9615 Grand Ronde Road  
Grand Ronde, Oregon 97347

Dear Chairman Leno:

I am writing to confirm our government-to-government consultation regarding the U.S. Environmental Protection Agency's development of the Proposed Plan for the Portland Harbor Superfund Site. For this consultation meeting, I will be representing the EPA along with James Woolford, Director of the EPA's National Office of Superfund Remediation and Technology Innovation. Program staff and managers will also be present to provide detailed technical information. We plan to meet with you at your Tribal Government office on January 14th, 2016 from 2:30-4:30pm.

As you know, the EPA's National Remedy Review Board and Contaminated Sediments Technical Advisory Group conducted a review of cleanup alternatives for the Portland Harbor Superfund Site. I would like to thank you for your participation and meaningful input. The Boards are considering written comments from tribal governments and key stakeholders and will provide advisory recommendations to my office.

Our upcoming consultation will further provide the EPA and the Tribe an additional opportunity to discuss the issues that are important to your Tribe. The EPA will consider these issues as we prepare the Proposed Plan for the cleanup of the Portland Harbor Superfund Site. We plan to issue the Proposed Plan in Spring, 2016 for a 60-day public review and comment period.

I look forward to our meeting; enclosed is a draft agenda. Feel free to contact Jim Woods, Senior Tribal Policy Advisor at (206) 553-2871 or Debbie Robinson, Remedial Project Manager at (206) 553-4961 with any questions or concerns regarding the upcoming consultation.
